3. Screens and what you record in them
4. Reports
5. Working with your clients
6. Your data
7. Help

Getting started

Download the program from bawabetna.com or the Microsoft Store and install it. On first opening, sign in with your Bawabetna account. The first month is free with every feature.

The first-run assistant asks for a few details, then the program is ready:

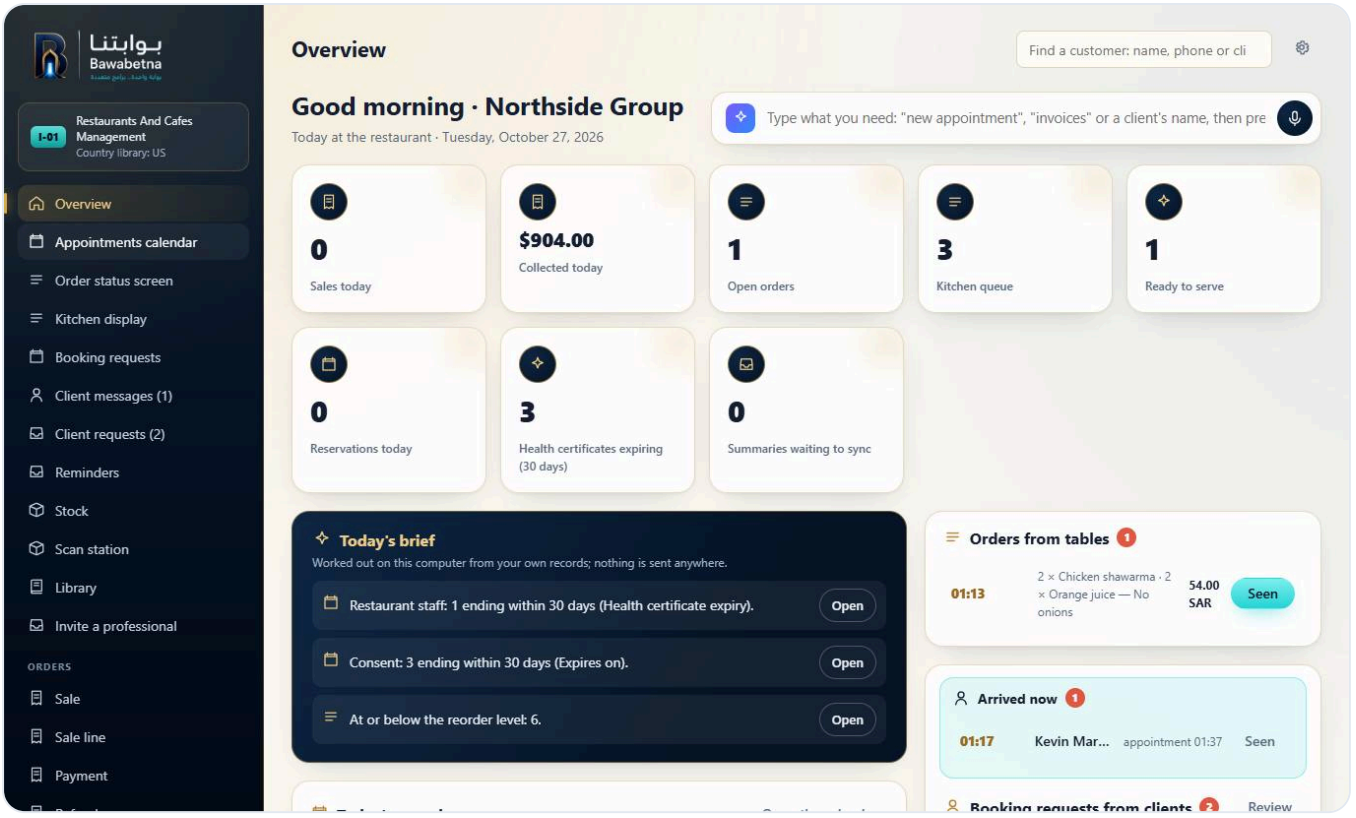

1. **Restaurant**: Name, License number, Country, Default currency
2. **Branch**: Name, Phone
3. **Restaurant staff**: Full name, Job

Each person signs in with their own role and sees only the screens of that role:

- Branch manager
- Cashier
- Chef
- Manager
- Restaurant owner
- Stock keeper
- Waiter

The home screen

The home screen shows today's work at a glance: counts, today's schedule, what is waiting and requests from clients. The command bar at the top opens any screen from a short sentence, such as a client's name or "new appointment".

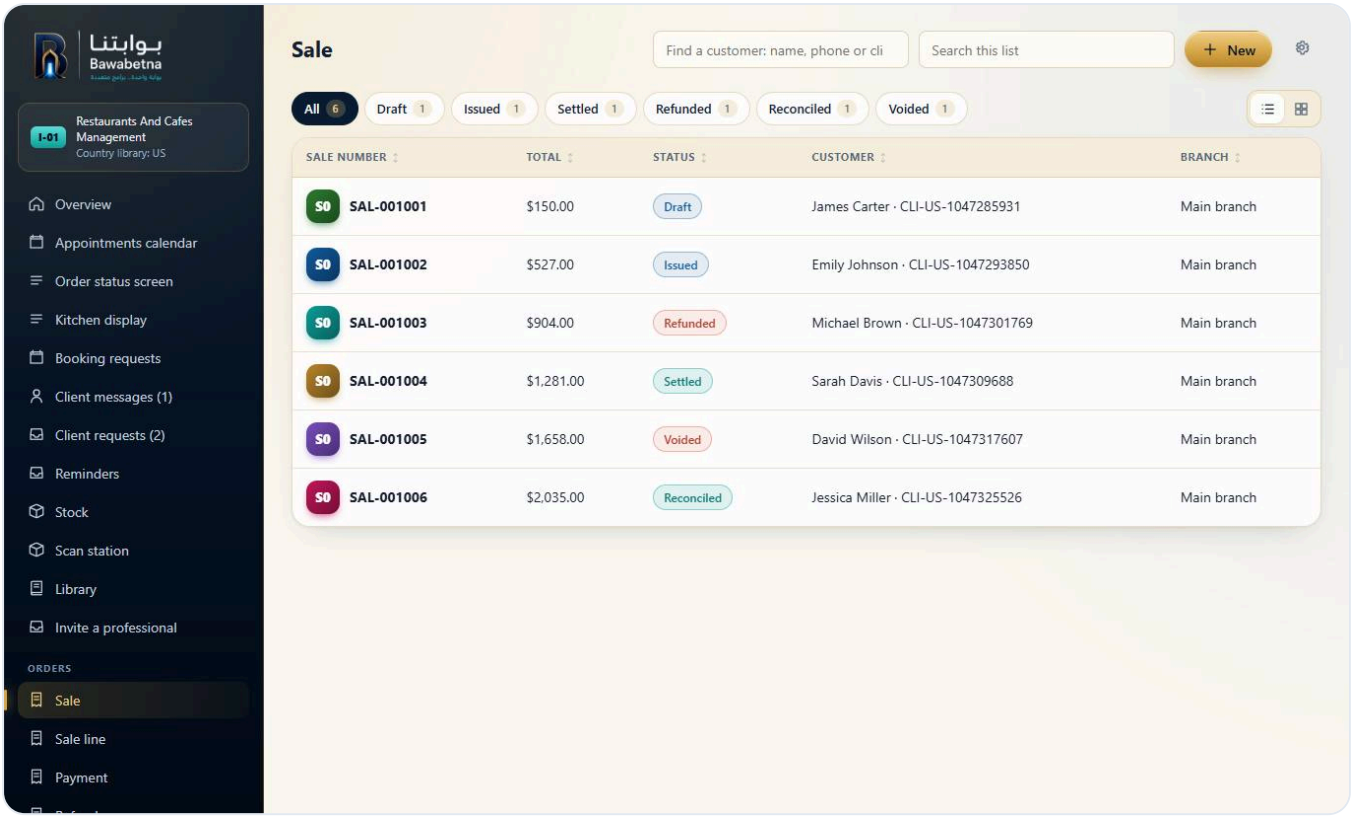

The home screen

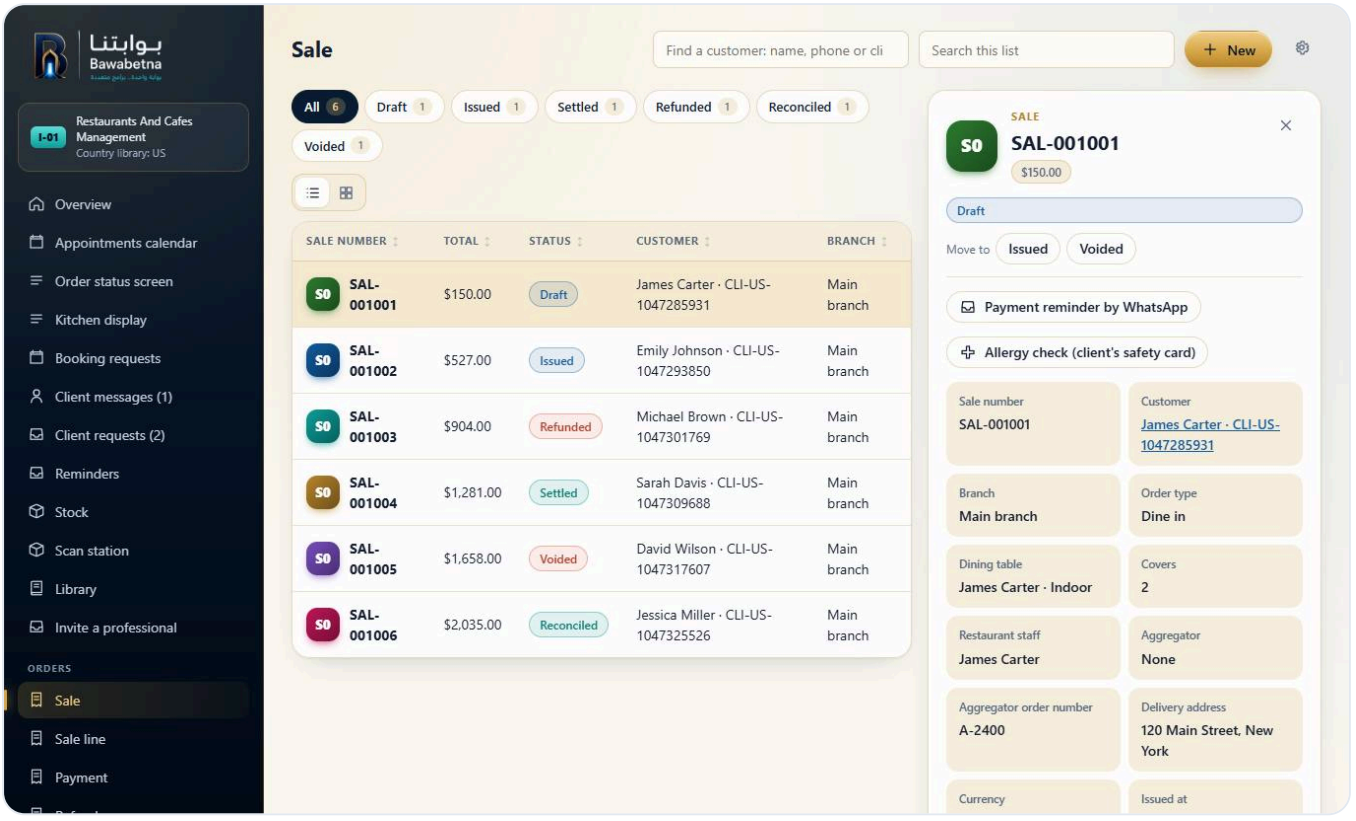

Screens and what you record in them

The side menu groups the screens by kind of work. Each screen lists its records: New adds one, a click opens it, and the buttons at the bottom of a record move it to its next stage.

Orders

Sale

A record open for editing

Sale

What you record: Sale number (worked out by the program), Customer, Branch (required), Order type (required), Dining table, Covers, Restaurant staff, Aggregator, Aggregator order number, Delivery address, Currency (required), Issued at (worked out by the program), Subtotal (worked out by the program), Tax total (worked out by the program), Total (worked out by the program), Paid (worked out by the program), Refunded (worked out by the program), Net paid (worked out by the program), Balance (worked out by the program), Status (required), E invoice reference, Notes

Reports

Reports are worked out on your computer from your records. Choose a period, see the chart and the table, then print or export them. The reports of this program:

- Sales by day
- Sales by branch
- Best-selling products
- Collections by payment method
- Cash over / short by cashier
- Orders by type
- Orders by delivery app
- Top items
- Usage and waste
- Recipe cost per item
- Stock count differences by item (missing - / extra +)
- Loyalty points

Working with your clients

A client with a Bawabetna Client Code can, from the free client app: book an appointment, write to you, send requests and documents, sign documents, see what they owe and pay you directly, tell you they have

arrived, ask for an earlier time and see their points. Everything reaches this program with its next sync.

Your data

Your records are kept encrypted on your own computer; only a short summary of each transaction is sent to Bawabetna. Make a backup from Settings; it is encrypted with your recovery key.

Help
